

Customer Journey Map

Date	14 July 2026
Team ID	
Project Name	HDI Predictor (Human Development Index Predictor)
Team Size	1 (Individual Project)
Maximum Marks	2 Marks

Phase of Journey	Stage 1: Discover	Stage 2: Predict	Stage 3: Review
Actions	Opens the app; reads Home dashboard stats	Enters 4 indicators; clicks Predict HDI	Filters History by tier; deletes/reviews old runs
Touchpoint	Home dashboard, EDA charts, tier donut	Predict form, gauge result panel	History table, trend chart
Customer Thought	“Is this backed by real data?”	“Will blank fields force me to think about real values?”	“Can I trust these logged results later?”
Customer Feeling	Curious, slightly skeptical	Focused, engaged	Reassured, in control
Process Ownership	App (Home route)	App (Predict route + API)	App (History route + API)
Opportunities	Show model R ² up front for trust	Keep fields blank; add real-country autofill	Add filters, delete, and a trend chart
